Women's Page History in Florida in the 1950s and 1960s

Join Us for Faculty Author Talks

This talk tells the stories of significant Florida women's page journalists who contributed to the women's liberation movement and the journalism community. Previous versions of journalism history had reduced the role these women played at their newspapers and in their communities—if they were mentioned at all. For decades, the only place for women in newspapers was the women's pages. While often dismissed as fluff by management, these sections in fact documented social changes in communities.
